

FUNDAMENTAL AND APPLIED CLIMATOLOGY

ISSN 2410-8758

A scientific journal publishing original papers on events and processes of regional and global scale on the following topics: Earth's climate forming processes, natural and anthropogenic factors of changes in the climate system, climate system variability, detection and attribution of its trends and associated risks. Besides the original papers, reviews, relevant informations on important events in the scientific world, and discussion materials are also invited.

The journal is established by the decision of the Federal Service for Hydrometeorology and Environmental Monitoring (RUSSIA).

The journal can be subscribed using the ROSPECHAT' subscription catalogue (subscription index 58364), issues are distributed by the publisher among central scientific state libraries of the Commonwealth of the Independent States and some other foreign libraries.

The Editorial Office of "Fundamental and Applied Climatology" finds it obligatory for authors, reviewers, editorial board members and editorial staff to meet requirements of the "Code of Ethics for Scientific Publications", developed and approved by the Committee on Scientific Publications Ethics as well as declares no conflicts of interest in the activities of the Editorial Board.

Publisher: Federal State Budgetary Institution "Yu. A. Izrael Institute of Global Climate and Ecology" (FSBI "IGCE").

Location: Glebovskaya str., 20B, 107258 Moscow, RUSSIA.

Editor-in-Chief: S. M. SEMENOV, DSc, Prof.

Primary submission of manuscripts: Semenov S. M., IGCE, Glebovskaya str., 20B, 107258 Moscow, Russian Federation; e-mail: Semenov@igce.ru. Rules for the preparation and submission of manuscripts are available at <http://www.igce.ru/fac> and on request.

Original papers submitted can be either in Russian, or in English. The papers are to be prepared as MSWord/Windows files, Times New Roman 14, 1.5 interline interval. Figures should be prepared in separate tiff format files each with reasonable resolution (named as fig_1.tiff, fig_2.tiff, etc.). Structure: title, authors' names, affiliations, e-mail of corresponding author, summary (less than 1 page, with no citations), introduction, clear description of methodology, results and discussion, acknowledgements (optional), references. Citation of figures with the copyright must be negotiated in advance by authors with copyright owners. This should be indicated in the cover letter. Technical requirements for other submissions could be more flexible.

All papers are subject for peer-reviewing by experts in the relevant areas.
