

Guides for authors

Submission manuscripts to the scientific journal “Environmental Monitoring and Ecosystem Modelling”.

Primary submission of an article: in the form of files, by e-mail to the editorial board:
pemme@inbox.ru

An article can be submitted either in Russian or in English.

A manuscript should be submitted as MS Word file, including MS Word MathType 6.0 tables and formulas. The volume of the article is limited to 40 thousand characters with spaces. Tables should be 245 mm wide and 124 mm high. Figures should also be provided as separate TIFF files with resolution of (or better than) 300 dpi (dots per inch) and the actual size of at least 7 cm. **When reproducing not own copyrighted drawings in an article, the authors of the article must submit a written permission of the copyright holder or the basis for the use without such permission.**

The following technical requirements apply to original scientific articles only. There are no special requirements for informational materials about events and commemorative dates.

The original scientific article may have the following sections: Abstract, Introduction, Methods (and materials), Results, Discussion (may be merged with Results), Conclusions, Acknowledgements (if any), References. No annexes are accepted.

At the beginning, the article should have the title, author(s)' name(s) and e-mails, name(s) of the institution(s) to which the author(s) affiliate and postal address, Abstract (not more than 350 words) and Keywords (up to 10 words or phrases). The name of corresponding author should be marked with asterisk.

In section References, all non-English items must also be given using Latin letters. Translation of the titles of referenced non-English literature source should be also given in English.
